# WHO WE ARE

VIND is the new wine tourism platform.

VIND's mission is to connect people to wineries.

Whether you're on holiday, a local resident, or a wine tourist, VIND can show you what's available in your location and around the world.

Colourful characters, fantastic food, stunning scenery, amazing accommodation and wonderful wine, wineries have it all.

VIND is here to help the user explore and experience.

# WHY SIGN UP?

The aim of VIND is to deliver a unique and transparent platform to aid the ever-growing wine tourism market, and to ultimately give wineries more tourism exposure.

The website is free to join.

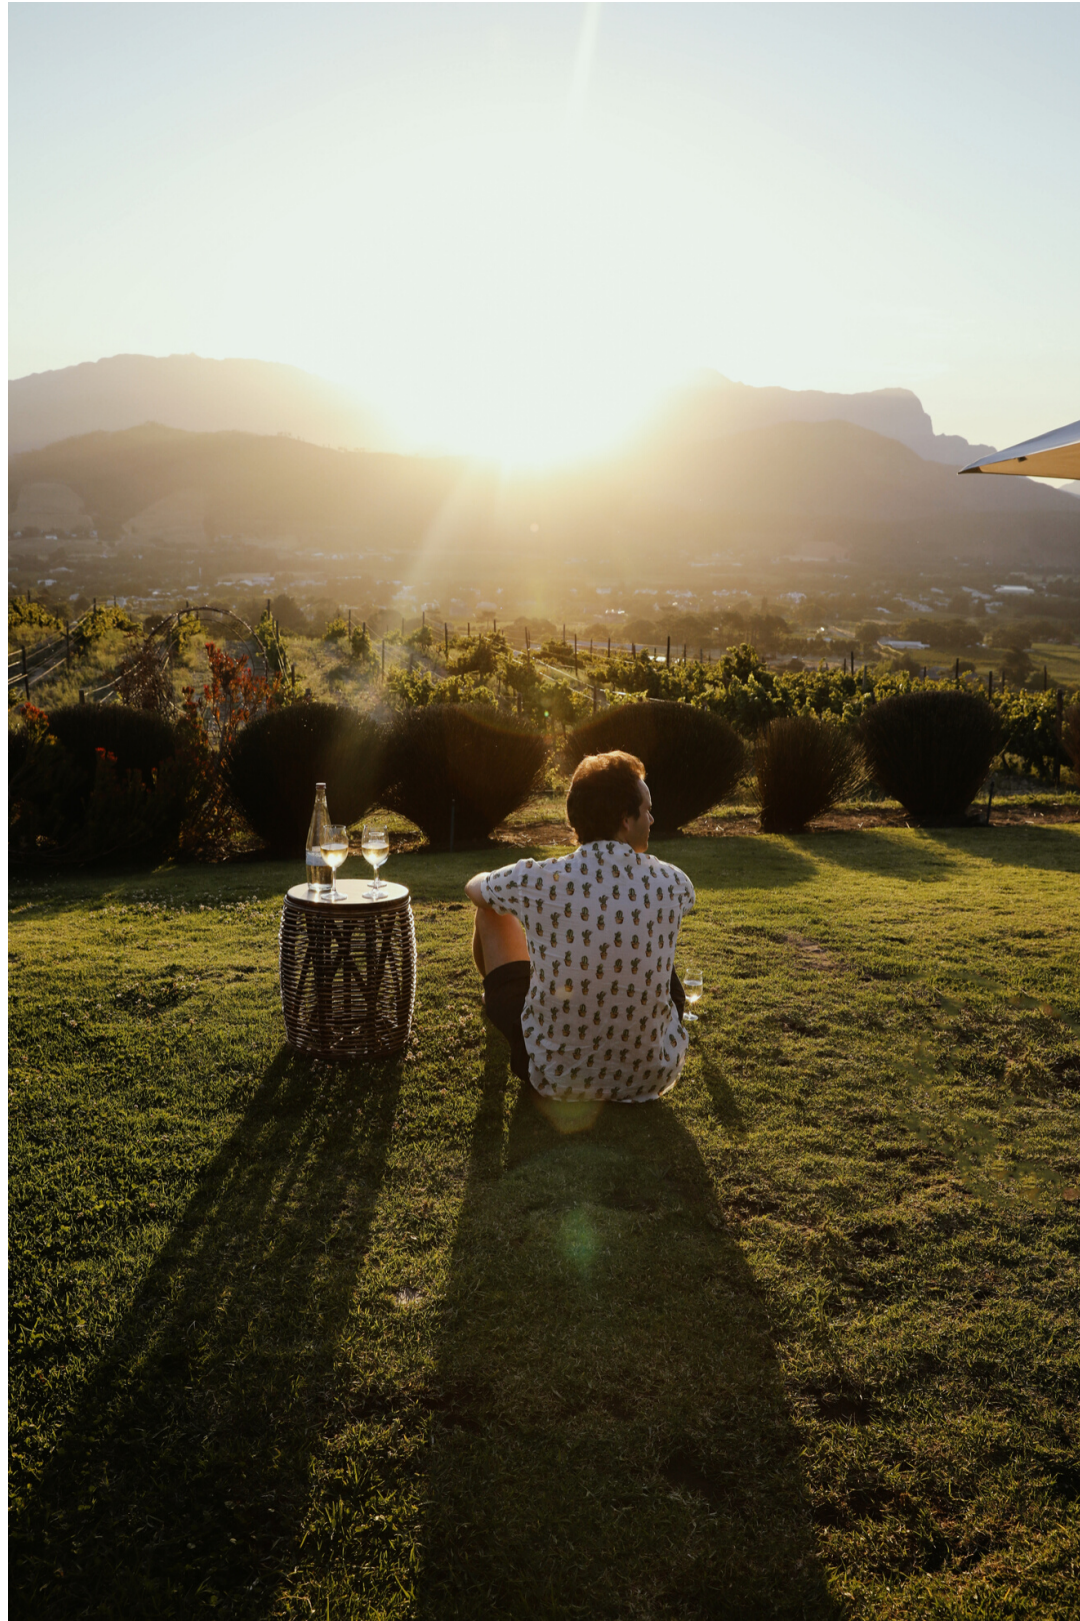

All a winery has to do is fill in their 'page' to become a member. The interactive platform will help customers and tourists find and experience wineries from around the world.

VIND's interactive map will allow the user to filter by what they're looking for; whether it's a tasting & tour, a specific grape variety, a farm-to-table lunch, or a family-run BnB, VIND is the platform the user needs to find and experience wineries.

VIND will launch to the public in 2020.
